August 24, 1964

Dear Wasatch County Resident,

For two years now, Utah Sportswear, Inc., formerly Osborn Apparel Mfg. Co., has been operating in our community. We, of the Chamber of Commerce, have been pleased to have them as members of our industrial family. We are happy for the work and payroll dollars they provide.

Construction work on an addition to their physical plant has recently been completed through further lease arrangements with the Heber Light and Power Board. Utah Sportswear is now busily engaged in moving into their newly finished addition and recruiting additional workers to staff their expanded operation.

The Wasatch Chamber of Commerce wishes to take this occasion to pay tribute to this new firm in our area and give valley residents a chance to see, first hand, the inside story and operating procedures of a modern apparel plant. Citizens of the County are welcomed and encouraged to attend an open house on Thursday, August 27, 1964, from 7:00 until 9:00 p.m., at Utah Sportswear, 600 West 300 South, Heber.

As an added stimulant to our open house, company officials of Utah Sportswear have agreed to make their weekly payroll on August 20, 1964, in \$2.00 bills. The company currently has a \$4,000 per week payroll. It will prove interesting and somewhat revealing to watch payroll dollars turn over in a community in a manner that can be easily identified.

In closing, let us again encourage you to visit the Utah Sportswear, Inc. plant on August 27, as a guest of the Wasatch Chamber of Commerce. Light refreshments will be served.

Sincerely,

Board of Directors
Wasatch Chamber of Commerce
